## Introduction

Extint Décor has a successful track record of sound proofing for over 15 years. Be it Industrial or residential projects, we have done it all.

Having executed over 1500 small, medium and large projects, we started our own range of acoustic products in 2015 and have helped our clients with unique and best quality products.

We are market leaders in Acoustic Foam and have been innovating in the same at our own manufacturing facility at Bangalore. We have storage facilities in Pune and Mumbai. We are having all kinds of products for all kind of budget projects. Having an upcoming dealer network PAN India, we will be able to serve every city in India by 2022. As of now we have a presence in 5 states.

All our products are Green Building products and are environment friendly.

## Velvet Foam

Extint Décor is the pioneer in Foam Technology for sound absorption in India. We have introduced Velvet Finish foam panels for the first time in India and is a completely developed and Made In India Product.

Beautifully designed 3d Squares gives a rich look when Applied on wall or ceiling and also performs its role of absorbing sound very well. Also being Fire Retardant, makes it the most unique and cost efficient product available in the market. It is available in different colours. Also can be used for bed backs application
